## Hair Styling and Aesthetics

At OTSS we pride ourselves on the success of our students, by providing interactive teaching methods in a fully equipped salon environment.

Learners are provided with hands-on opportunities in draping to protect clients, basic haircuts, braids, updo's, shampoo procedures, blow drying and various hot tool techniques (curling iron and flat iron), makeup applications, manicures and facials. All skills are supported by theory from the Standardized Milady textbook

### Areas of Focus:

- Hygiene and grooming
- Health and safety protocol, sterilization and sanitation
- Precision hair cutting techniques
- Creative up-dos, braids and iron and blow dry techniques
- Discovering environmental and social considerations related to hairstyling and cosmetology
